

Appl. No. 10/076,357
Response dated 08/15/2008
Reply to Office Action of 07/25/2008

REMARKS

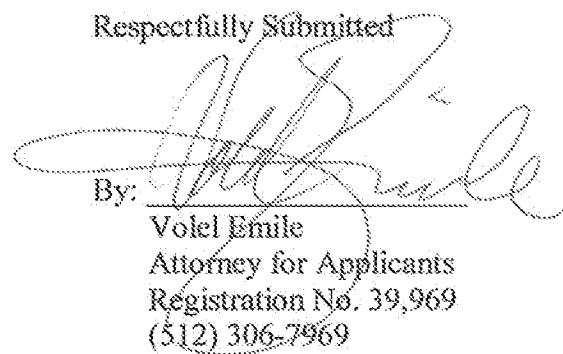

In the above-identified Office Action, it was indicated that Fig. 9 was contained in the DRAWINGS but not listed in the Brief Description of Drawings.

Upon a review of the Specification, Applicants noted that the description of Fig. 7 in the Brief Description of Drawings was actually that of Fig. 8 and the description of Fig. 8 was actually that of Fig. 9. The description of Fig. 7 was totally omitted.

Applicants have herein provided a description for Fig. 7 in the Brief Description of Drawings. Support for the description provided is on page 13, lines 6 – 29. Thus, no new matter is added to the Application.

Further, Applicants have ensured that the original description of Fig. 7 in the Brief Description of Drawings is now that of Fig. 8 and the original description of Fig. 8 in the Brief Description of Drawings is now that of Fig. 9.

Applicants submit that the issues with the DRAWINGS and Brief Description of the Drawings have been resolved and that the patent is in condition for issuance.

Respectfully Submitted,
